

# CYCLONE CHASSIS

## MORE INTERIOR SPACE THAN EVER BEFORE.

The E-ONE Cyclone® cab is ready to meet the needs of today's fire departments with a rugged new design, superior ride and handling, and more interior space than ever before. The 100" wide cab offers more space for your crew with a generous 27" between door and engine cover for both driver and officer. The Cyclone is available in five cab lengths with flat roof (low or raised 4") or one of four raised "vista" roof designs that include the 4" raised front roof.

# MAXIMUM DURABILITY.

The Cyclone cab offers excellent visibility for driver and crew with its low profile dash, one piece door glass and a reduced profile interior A/C system. The aluminum cab is built with heavy wall extrusions and 3/16" plate for floor, roof, walls and doors for maximum strength and durability. E-ONE cabs are extensively tested to ensure superior performance to keep your crew safe. Contact your local dealer to learn more about the E-ONE Cyclone cab.
