# E-ONE VM8 MINI PUMPER

## *MAXIMUM STORAGE.*

The VM8 Mini Pumper features an all-aluminum body designed for long-term durability and maximum storage capacity. Incorporating the latest technology provides a lightweight body without sacrificing structural integrity. The design has been verified with stringent Finite Element Analysis (FEA) in which the body is stressed to the maximum chassis Gross Vehicle Weight Rating (GVWR) and off-road frame twisting, backed by a 15-year structural body warranty.

# LONG-TERM STRENGTH. 15-YEAR WARRANTY.

**STORAGE**
The VM8 Mini Pumper features tall, full-depth, rescue-style compartments on each side of the body. The large center rear compartment accommodates an optional booster reel.

**UPPER REAR COMPARTMENTS**
Driver and officer side upper storage compartments with rear doors hold a 14' two-section ladder, pike poles and hard suction hose.

**ALUMINUM BODY**
The body consists of 5052-H32 formed aluminum with high-strength Huck bolt fasteners and isolated mounting system. The design went though extensive FEA testing to ensure a long service life.

**CORROSION-RESISTANT DESIGN**
All painted surfaces on the VM8 Mini Pumper bodies are Fiberglass Reinforced Panels (FRP) that will never experience paint adhesion issues due to corrosion.

**FIREFIGHTING PACKAGE**
The VM8 Mini Pumper features a 1,250 or 1,500 GPM Hale® pump with 300-gallon water tank. An optional foam system with 20-gallon foam tank is available for enhanced firefighting capabilities.

**CHASSIS**
Ford F550 Super-Duty® 4x4 diesel engine chassis with a four-door crew cab or extended cab for additional storage space. F600 Super-Duty 4x4 with standard two-door cab also available.

# SPECIFICATIONS

## COMMERCIAL CHASSIS

- Ford F550 Super-Duty 4x4 with extended or four-door crew cab
- Ford F600 Super-Duty 4x4 with standard two-door cab
- Full-length cab steps beneath doors
- Trailer hitch with trailer brakes available

## BODY

- All-aluminum—5052-H32 compartmentation
- Corrosion-resistant design with painted FRP panels
- Flex mounting system
- Sweep-out compartments
- Roll-up doors (finish: satin standard; job color optional)
- Enclosed ladder and hard suction storage
- SCBA bottle holders in wheelskirts (3)
- Stainless steel fenderettes (rubber optional)
- Full-height stainless steel corner protectors
- Bolt-on, full-width rear step
- Transverse module behind cab included with F600 two-door chassis
- Adjustable shelves and pull-out trays available to optimize storage

## PUMP AND PLUMBING

- Aluminum module with stainless steel panels
- Hale® DSD 1,250 or 1,500 GPM pump
- Anodes: intake (2) and discharge (1)
- Double-stack crosslays
- Rear booster reel and deck gun available
- 300-gallon poly water tank
- 20-gallon foam cell—optional
- Foam system—optional (foam-ready package also available)

- Multiplexed with color display
- Center console in cab
- Battery conditioner with 20-amp auto-eject shoreline
- Electronic siren with speaker
- LED warning and DOT lights
- LED work lights (LED scene lights optional)
- Strip-type LED compartment lights
- Backup camera
